## SELECTMEN'S REPORT

With continued use of State TRA (Town Road Assistance) funds, the blacktopping of Candia Rd. was completed. It is anticipated that the next Town road improvement project will be the preparation and eventual blacktopping of Halls Village Rd. from Wilson Brook on Rt. 121 into Halls Village. At the request of the Selectmen, the State Dept. of Public Works and Highways have further reduced the "bottleneck" at the crossing of Routes 102 and 121 in Chester Center by removing a portion of the iron railing which surrounds the Civil War Monument. The partial removal of the railing has facilitated snow plowing and has given motorists greater vision of oncoming traffic; the railing will be replaced by the State in the springtime.

In accordance with the Statutes of the State of New Hampshire, the Selectmen have started their round of "septennial perambulations" (7 year walks) of the boundary lines between Chester and adjoining towns. The Chester-Derry boundary line was inspected during the summer of 1967 and additional town boundaries will be checked in 1968.

With the retirement in June 1967 of the third and final note of \$4,000 for purchase of the "International" fire truck in 1964, the Town is without bonded indebtedness for the first time since 1955.

Once again the Selectmen made short term investment (90 day "Certificate of Deposit") of Town funds and have recouped the discounts granted for early payment of property taxes.

There has been no further action to date on 2 court cases which were pending on 31 Dec. 1966. During 1967 the Selectmen reluctantly took legal action against a Chester resident for violation of a Disposal Area Regulation; the Derry District Court found in favor of the Town.

Gifts to the Town in 1967 were an 1851 map of Rockingham County, gift of Mr. Harry C. Edwards, and a steel folding step-ladder for the kitchen of Town Hall, gift of the Chester Grange.

In addition, the Selectmen received from Mrs. Edna Hart two Chester Tax Collector's "Warrants for Collection of Taxes", for the years 1885 and 1887. The Selectmen in 1885 were Charles Chase, Dwight M. Mitchell and George S. West; in 1887 George S. West, Oren F. Page and Benjamin Dearborn. The "Warrants for Collection" were directed to Albert F. B. Edwards, the Grandfather of Mrs. Hart and Ralph Edwards.

The upward trend in Chester population was temporarily reversed. This was due primarily to the departure from Chester, in the latter part of 1967, of a number of families, mostly with children. The homes vacated by these families have not yet been occupied by new arrivals. The population on 31 Dec. 1967 was 1404, as compared with 1416 in 1966, 1375 in 1965 and 1310 in 1964.

Thanks is expressed to all Town Officials, to those who have served on the various Boards and Committees, and to the residents of Chester for their fine support this past year.

## POLICE DEPARTMENT

During the past year the services of the Police Department were increased somewhat. Last summer we did a limited amount of patrolling of roads. While doing this we were able to keep a constant check on vacant properties of those who were away on vacation, plus the continued policing of the traffic which became very heavy during the past summer months. We feel that this patrolling helped in keeping the number of incidents down in this town while they were on the rise in some of the surrounding towns. We did unfortunately have some house breaks this past summer. However, most of these have been solved and most of the stolen goods returned to the owners.

In our continued effort to improve the department we have had two more police officers appointed, this bringing the number of regular police officers to four. One of the new officers is employed in town during the day, this means there are now two officer on duty during the weekdays. It has been our experience that the town needs at least two police officers on call during the weekdays to meet the demands of the town.

We have attended four seminars for police at St. Anselm's College. They were concerning "Police-Community Relations", "Search and Seizure", "Recent New Hampshire Legislation" and "Organized Crime". There are seminars scheduled for the ensuing year that we are going to attend. As time goes by and laws seem to change daily we have found these seminars a must. Also we have had some firearm training at the Rockingham County Sheriff's Department firing range.

Our routine police duties have required us to spend 620 hours and to travel 8,930.9 miles while on duty 492 times. In addition we have had 25 court cases with 25 convictions resulting.

Once again we would like to thank the people of Chester for the cooperation we have received from them during the past year. Without this cooperation our job would be most difficult.

Respectfully submitted,

WILLIAM A. HARDY, Chief

NORMAN FINNEY, Officer  
CHARLES MOSSMAN, Officer

WARREN L. NOYES, Officer  
JOSEPH VAAL, Officer

## LIBRARY REPORT

The Chester Public Library now has 602 readers. Last year we added 182 books to our shelves. We borrowed 1,263 books from the "Bookmobile" and 96 directly from the State Library.

Our readers read 6,657 books during the year.

Respectfully submitted,

FLORENCE OMAR  
Librarian

## REPORT OF THE PLANNING BOARD

The Planning Board held those meetings required by law, as well as several additional meetings to draft various changes in the Zoning Ordinance, for presentation to the voters of Chester. These meetings were usually attended by one or more Selectmen. One joint meeting was held with the Zoning Board of Adjustment, to discuss Town planning in general.

Permits were granted as follows:

New homes	8
Auxiliary buildings	13
Mobile homes	7
Additions to existing buildings	<u>7</u>
Total	35

It should be noted that the number of permits issued for 1967 is nearly twice that issued in the previous year - 19.

The continued cooperation of the residents of Chester has greatly aided this Board in contributing to the orderly growth of Chester.

PHILIP B. HOLMES, JR.

Chairman

ROBERT T. LEWIS, SR.

Secretary

RAYMOND I. DOLLOFF, SR.

CHARLES J. DOWNING

WARREN F. NOYES

EUGENE F. TENNEY

## CIVIL DEFENSE REPORT

The Civil Defense structure remains intact, however, has not been increased. The only method of insuring our ability to function in a large scale disaster is to conduct practical exercises and periodic meetings. This requires people with the time and interest to devote to such effort.

The equipment and the emergency organization exist and should anyone be interested in working and training to reduce the effect on this Town of a natural or man-made disaster, please contact the undersigned.

PHILIP B. HOLMES, JR.  
Director of Civil Defense

## WHITE PINE BLISTER RUST CONTROL

Town funds appropriated for blister rust control in 1967	\$100.00
Town funds expended on blister rust control	99.25
(Town has received \$ .75 refund from State)	
State funds expended in Chester on blister rust control	<u>246.24</u>
Total expenditures	\$345.49

A total of 1006 acres in Chester were worked over in 1967 in the blister rust control program, as follows:

Block # 7 - Triangle formed by Old Chester Turnpike and Clark Rd. to Auburn line.

Block #14 - Area bounded by Route 121, Candia Rd., North Pond Rd. and Route 102.

Block #18 - Area bounded by Route 102, Fremont Rd. and Towle Rd.

Block #36 - Area bounded by Route 102, Webster Lane, Halls Village Rd. and Cunningham Lane.

In the above blocks a total of 2330 currant and gooseberry bushes, which assist the spread of blister rust, were destroyed.

## VOLUNTEER FIRE DEPARTMENT

There were 19 fire calls during the past year distributed as follows:

Houses	2
Grass and Brush	8
Town Disposal Area	2
Broken Electric Power Lines	2
Out-of-Town	1
Miscellaneous	4

During this past year several members of the department participated in a State sponsored training program covering the use of smoke masks, knot tying, and effective pump and hose pressures.

This fall we installed forestry band two-way radios in two fire trucks and the Fire House plus a walkie-talkie set. This enables us to communicate in town with our equipment as well as providing the ability to contact our neighboring towns, the District Fire Warden and the various look-out towers in the area. The radio equipment was purchased with money raised by wives and mothers of the firemen as well as by the firemen themselves in various fund raising activities.

We were able this year to purchase 360 ft. of new 1-1/2" hose, this will help us maintain our hose supply.

R. T. LEWIS, Chief  
Chester Volunteer Fire Department

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M. - 5:00 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material - use the ashtray.

## REPORT OF THE 250th ANNIVERSARY CELEBRATION PLANNING COMMITTEE

The Board of Selectmen were instructed by vote of the townspeople at the Town Meeting of 14 March, 1967 to appoint a "250th Anniversary Celebration Committee."

At the first meeting of the "Committee" on 22 May, 1967, James W. Towle, Jr. was elected Chairman and Susan Brander was elected Secretary. Also at this meeting, the Committee decided that the celebration should cover a period of 3 days, Friday, Saturday and Sunday in August, 1972.

At the meeting of 30 January, 1968, Edward R. Grosvenor was elected Finance Chairman and John F. Yenchu was elected Assistant Finance Chairman. The primary objectives of the October and January meetings were to establish a rough estimate of the expenses for the celebration, and to make a list of the committees which must be formed. The original "Committee," consisting of only 13 persons, has been trying to lay the groundwork, and wish to state that the planning for the celebration is quite a sizeable task, which will require the assistance of hundreds of townspeople to assure success. There is an urgent need for volunteers to help with this project.

The planning for the "Anniversary" has begun well in advance of the actual date, and we suggest that the Clubs and Organizations of Chester adopt a "be prepared" attitude, and start planning their involvement in the celebration. Remember, the celebration is only a little over 4 years away.

JAMES W. TOWLE, JR.  
Chairman

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of Chester I hereby submit my 5th annual report as your Superintendent of Schools.

### Personnel:

In September we welcomed many new teachers, some to replace those who left the system and others that were to fill new, additional positions.

The recruitment of teachers is one of the most important responsibilities of the Superintendent of Schools; important because of the role of the teacher in the success of the school system. The teachers are the backbone of the system, and the degree of success or failure of the boys and girls is greatly dependent on the qualifications, background and maturity of the teacher.

The leading factor in obtaining top candidates from which to make selections is an adequate salary schedule. A salary schedule, at least comparable to neighboring communities, must be maintained; otherwise, you get only the candidates unacceptable to other communities. Fringe benefits, such as paid hospital insurance, pay for professional improvement (college courses) sabbatical leave, accumulative sick days allowance, are also important to prospective teachers considering a teaching position in the community. There are other factors which include; number of pupils in class, type of building, books that are up-to-date and ample supplies for the classroom teaching activities, availability of apartments and homes, the friendliness of parents and citizens in the town.

When one considers the short supply of teachers and the great demand for them by school districts caught in the area of rapid expansion, it is not difficult to understand the need for having competitive salaries and fringe benefits in order to keep the teaching staff turnover to a minimum and also attract new teachers of good potential for the additional positions added each year.

Our plan of recruitment is composed of a many-sided approach which includes:

1. Printing, and distributing to a wide area of colleges, brochures that tell of our community and schools in words and pictures.
2. Scheduled visits to college and university

- placement offices for interview with prospects.
3. Sending teachers already in the system to visit their former colleges to try and encourage June graduates to come to our community for positions.
  4. Sending principals to visit colleges to interview prospective candidates.
  5. Advertising in newspapers to keep general public informed as to our needs.
  6. Listing positions that are open in the Department of Employment Security weekly, also in various other placement offices such as the State Teacher Association, State Department of Education, etc.

We will continue to search for good candidates and strive to bring quality to our growing school system.

Chester has a serious problem in that teacher turnover must be held to a minimum. Each year a goodly number of the teaching staff departs and recruitment of new teachers is quite difficult. Teachers seem to avoid small towns because of the difficulty in finding apartments, lack of transportation and for other personal reasons. This factor seems to indicate that a small town must really offer more in the way of fringe benefits and salary if they are to compete at all with the towns in the surrounding area.

#### Curriculum:

I am most happy and proud to acknowledge the significant beginnings that have been made in the area of Social Studies. The committee of teachers and principals, under the direction of Assistant Superintendent of Schools Mr. Bernard J. Ellis, have been most enthusiastic. Their efforts will enable all teachers to have in their possession a course of study for their particular grade.

Arrangements have also been made to have in-service programs to upgrade and better understand our teaching efforts and the curriculum and the children.

#### Growth:

The pupil population in Chester has increased, but not at the rate of other towns in the area. Plans should be formulated, however, for the time when an addition will be needed. Even now, all available space will be in use as of September, 1967.

The teachers room houses the nurse, the principal's office, sick children and conferences. The space used for cafeteria at lunch time houses classes of pupils, so the building is as utilized as it is possible to make full use of a building.

September of 1968 will bring about a problem of needing one or two additional classrooms. Some citizens of the town belong to the Chester-Hampstead Planning Area School Committee - their efforts are much appreciated in helping to solve the junior high - senior high future housing problem.

Appreciation:

I wish to thank the School Board, citizens of Chester and the Chester School staff for their interest and accomplishments for Chester boys and girls.

Respectfully submitted,

ROBERT W. DOLPH  
Superintendent of Schools

## REPORT OF ASSISTANT SUPERINTENDENT

It is my pleasure to hereby submit my second annual report as Assistant Superintendent of Schools.

The curriculum study committee worked throughout the 1966-67 school year to develop guidelines for a curriculum for fourth grade social studies. This area was chosen due to lack of material available on the teaching of New Hampshire. This guide will be presented to the fourth grade teachers in September of 1967. As a supplement to this guide a package was prepared for each fourth grade teacher which consists of a booklet and visual aids material for the teaching of the units.

The Union office has prepared teacher recruitment booklets, describing all the towns in this Supervisory Union. These booklets have been sent to teachers colleges in the eastern half of the United States. They have been so written as to encourage prospective teachers to investigate the possibility of teaching in our towns in southern New Hampshire. A picture portfolio has also been prepared for use by the Superintendent and Assistant Superintendent showing every school in the Union - this will be shown to all students we interview on college campuses.

The S. R. A. Achievement Testing Program, which was under pilot study during the school year 1966-67, was adopted for the school year 1967-68 in grades three through eight. The results received from these tests are of the type that will enable the classroom teacher and principal to be aware of the strength and weaknesses of each child by the end of November. With this material at hand the teacher can plan a program of studies to meet the needs of her particular class.

Chester, as most small towns in New England, is faced with the problem of increased costs for education. There are more students to be educated and the new programs call for more space and equipment. There is a need in the Chester School for a library where the students can pursue research and find books which will enhance their knowledge and improve their reading ability. There should also be a space where students can be instructed in small groups - this space can also be used for individualized testing. The above needs should be kept in mind and incorporated in any new addition to the Chester Elementary School.

I wish to thank the dedicated principal and teachers for their time and effort spent in curriculum development this past year. I feel that we have successfully begun the work of curriculum development in this Union.

Respectfully submitted,

BERNARD J. ELLIS  
Assistant Superintendent  
of Schools

## REPORT OF THE PRINCIPAL

It is my pleasure to submit this annual report to the citizenry of Chester, for the school year ending June 1967.

Our total enrollment increased from 209 at the beginning of the school year to 232 by June. Four new teachers were added to the staff as a result of four resignations last June. During the month of January we unfortunately lost the capable services of Mrs. Ellis, our Social Studies Teacher, due to pregnancy. We were, however, able to find a capable replacement in Mrs. Towle.

A Science Fair and School Play were again held this year. The School FLUTE-A-PHONE Group was continued and performed for parents at the School Play, P. T. A. and the Talent Show.

The P. T. A. successfully provided funds for the dental clinic, put on a Book Fair in conjunction with the School and furnished prizes for the Science Fair and Graduation. I would like to express my sincere appreciation to all the parents of Chester, in making the above possible.

Because of population growth and increased demands in Education, serious consideration should be given to some changes needed in Chester such as, a Reading Supervisor, Home Economics and Shop in the Jr. High, a Physical Education Program, a Central School Library, a Guidance Counselor, a Secretary and a full-time Principal.

I would like to thank the citizens of Chester, the School Board, Superintendent, Mr. Bernard Ellis, the Teaching Staff, the Cafeteria Staff, Mr. Elmer Dearborn, Mr. Dolloff and Mr. and Mrs. Forrest Warren, whose assistance, advice and cooperation have been extremely helpful.

Respectfully submitted,

DENNIS N. ROYAL  
Principal

REPORT OF THE CHESTER-HAMPSTEAD  
AREA SCHOOL PLANNING BOARD

To the Residents of Chester and Hampstead, N. H.

The Chester-Hampstead Area School Planning Board was formed in March, 1967, as a result of the vote of the Annual School Meetings of the two towns. The members are:

Mr. Robert Letoile - Hampstead, Chairman  
Mr. Walter Kraushaar - Chester, Clerk-Treasurer  
Mr. Stan Ross - Hampstead, School Board member  
Mr. Walt St. Clair - Chester, School Board member  
Mr. Bill Conway - Hampstead  
Mr. Luther Grimes - Chester

The purpose of the Board is to study the means of providing an Area School for the two towns and prepare the written plan of such a school for presentation to the voters of the two towns. We are working under the laws of the State of New Hampshire - RSA 195-A:3. The Board has no authority to commit either town for or against an Area School.

It was decided to limit our study to an Area Jr.-Sr. High School, including grades 7 through 12. It was felt that grades 1 - 6 should remain in their respective towns.

Under an Area School, Hampstead would be the receiving district and Chester the sending district.

The Board has held monthly meetings studying Curricula, Site, Contracts and Name Selection. A Name Selection Essay Contest was held in the Elementary Schools and the winners will be announced shortly.

On October 21, 1967, the Planning Board and the Boards of Selectmen and School Boards of both towns were invited to visit the new facilities of the Exeter Jr.-Sr. Area High School. This tour impressed us as a fine example of a maximum facility provided with minimum cash outlay.

The Board, on report of the Site Committee, which had studied sites available, voted to formulate tentative plans, using a site in Hampstead Center. This 4.5 acre (with 28 adjacent acres available for expansion) site of town-owned land includes the old high school building, which could be used for administration offices and a library, thereby reducing construction costs.

The Committee studying Curricula has held several meetings and made preliminary reports to the Board.

The Committee studying Contracts has obtained several "model" written plans from existing Area Schools and is preparing a written plan which will be presented at such time as the study is completed.

We plan to keep the voters of both towns informed as to our progress which is the intent of this report.

Future Committee work will involve Transportation, Building and Finance.

Present plans call for submission of a formal report of the findings and recommendations of the Planning Board in October, 1968.

The Board wishes to acknowledge the assistance of the following persons and commend them for their aid in forwarding our efforts.

## INFORMATION FOR CHESTER RESIDENTS

### BURNING REGULATIONS

TO REPORT A FIRE - DIAL 3250

The State of New Hampshire requires that written permits be obtained for all open fires at all times when the ground is not snow covered.

Permits may be obtained from the Forest Fire Warden, Mr. William O. Zimmer, Raymond Rd., for grass, brush, campfires etc. Permits must be obtained on the day burning is to be accomplished.

Burn when there is no wind, on rainy and damp days, in a safe place and in accordance with the terms of the permit. Burn before 9:00 AM and after 5:00 PM. Keep some buckets of water close by; if wind develops, promptly extinguish the fire. All fires must be completely extinguished before you depart the scene.

### LICENSING OF DOGS

Each owner or keeper of a dog 3 months old or over must register the animal with the Town Clerk, Miss Ruth Richardson, Chester St., before 30 April. Each dog over 3 months must have received a "rabies vaccination"; certificate of vaccination to be presented to Town Clerk at time of licensing. Each dog must wear a collar around its neck with a dog tag affixed thereon.

License fees are as follows: Male and spayed female, \$2.00; female \$5.00. Kennel licenses are available for owners of 5 or more dogs.

### DISPOSAL AREA REGULATIONS

The operating days and hours of the Chester Disposal Area (Dump), on the Raymond Rd., are from 1 to 5 PM, Saturdays and Sundays, October through April; 1 to 5 PM Saturdays and 5 to 9 PM Thursdays, May through September.

The Dump is for the use of Chester residents only. Paper, cardboard, tin cans, bottles, jars etc., home appliances, furniture and small parts of autos may be deposited. All trash must be thrown over the bank. Garbage and dead animals or dead fowl must not be brought to the Dump.

### TRAILERS AND MOBILE HOMES

A recent New Hampshire Statute requires that owners of trailers and mobile homes furnish proof of payment of Town taxes to trailer movers prior to removal of trailers from the Town. Owners should secure complete information from the Selectmen or Tax Collector as severe penalties are adjudged for failure to comply.
